

Experience Independence

INTRODUCING AMERICAN ELEVATOR GROUP

Who
are we?

American Elevator Group is a collection of select, experienced, independent elevator service providers across the United States.

What Makes Us Different?

We are committed to delivering the dedicated, personal service of a regional elevator company, while providing the value, support, and business infrastructure of a large multinational organization.

This places us firmly in the gap between original equipment manufacturers and regional service providers – delivering the best of both worlds.

Dedicated **customer care and communication**

Access to **industry-leading safety training** facilities

A **seasoned leadership team** with decades of industry experience

Significant **resources to invest** in talent, equipment, and quality improvement

The Pillars of American Elevator Group

SAFETY

We share an unwavering commitment to the safety and welfare of our people and of those we are proud to serve.

INDEPENDENCE

With independence comes freedom of choice. We offer solutions that satisfy each customer's specific requirements.

CARE

Customer care and service is at the heart of all we do. Our goal is to show genuine care in every interaction, at every level.

VALUE

The best businesses are built on mutual benefit. We are dedicated to offering the best possible value to all clients.

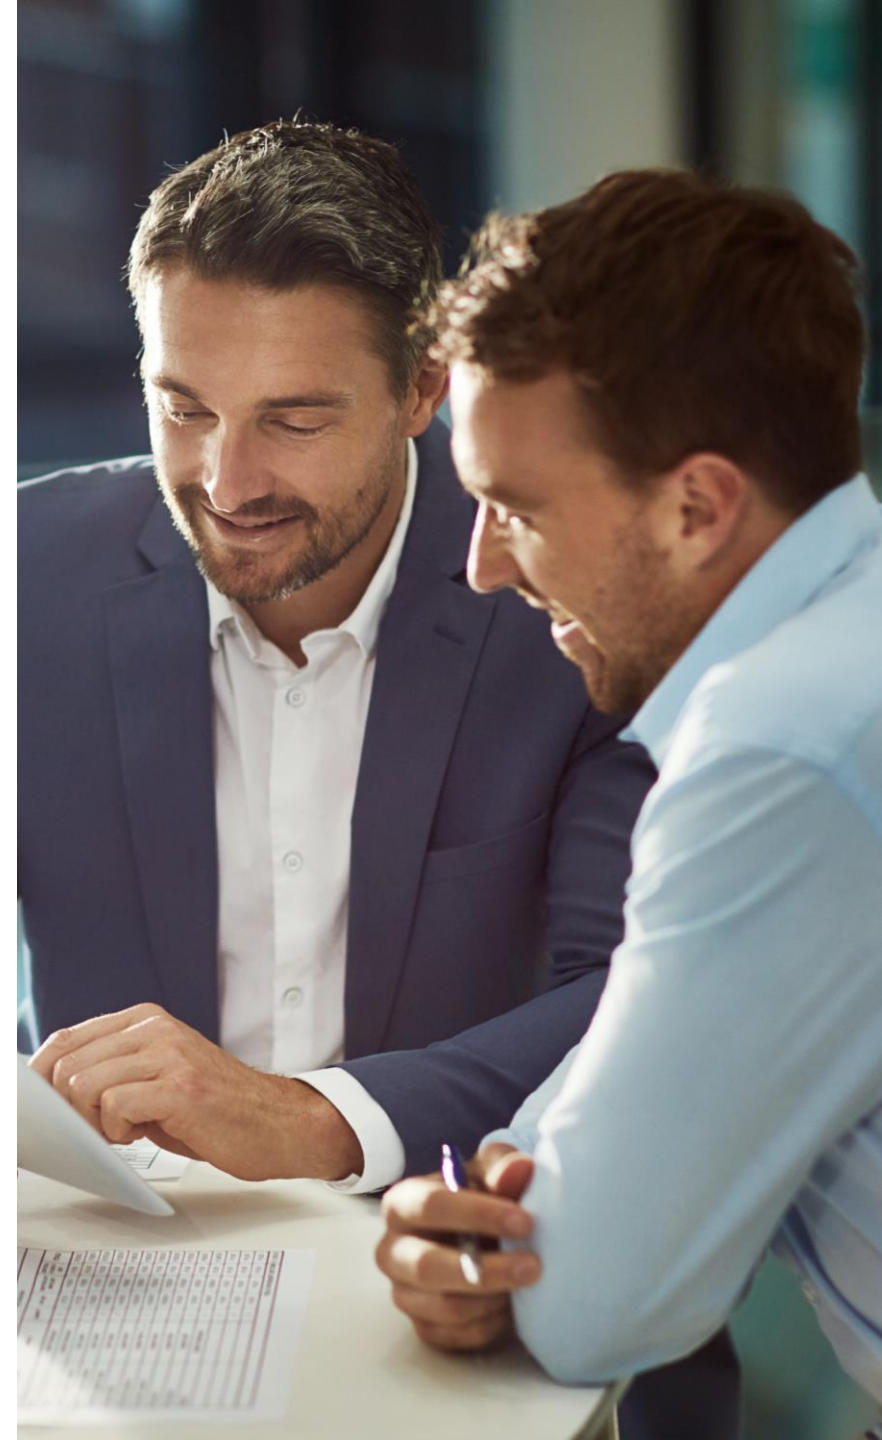

What Makes An American Elevator Group Company?

Anyone can provide a service, but not everyone is a true service partner.

Partnerships require synergy, relationships, and integrity. Our companies draw from the collective strength of our alliance, offering customers a considered, balanced solution.

Together, we offer all the advice, guidance and direction our customers require to make the right decision for their particular needs.

Who's In the Group?

American Elevator Group is backed by Arcline Investment Management, a US-based growth-oriented private equity fund.
